Re: Burbach of De, LLC (BOD)
WLYQ(AM), Parkersburg, West Virginia
Facility Identification Number: 15255
Special Temporary Authority (STA)
BESTA-20210128AAC

Dear Mr. Galli:

This is in reference to the request filed on January 28, 2021. BOD requests a final extension of the STA granted on July 30, 2020, to continue daytime operation with a reduced power of 1 kW pending further action on BP-20201218AAE.¹ In support of the request, BOD stated that it plans to file the required FCC Form 302 license application shortly after BP-2021218AAE has been granted (due to failure of the old 5 kW transmitter).

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the STA extension request IS HEREBY GRANTED, and BOD may continue to operate with 1 kW daytime, with no change to the nighttime licensed operation. BOD must use whatever means are necessary to protect workers and the public from exposure to radio frequency

¹WLYQ(AM) is licensed for ND operation on 1050 kHz with 5 kW (day) and 0.144 kW (night), and BP-20201218AAE proposes to permanently reduce the daytime power level to 1 kW daytime, with no other changes.

radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **August 4, 2021**.

Sincerely,

A handwritten signature in blue ink that reads "Joe Szczesny". The signature is written in a cursive style with a long, sweeping line extending from the end of the name.
